Remembering 9/11...

On Wednesday, September 11, 2002, everyone in the USA who will be driving a motor vehicle is asked to drive with their headlights on during daylight hours.

Though no explanation is needed as to why we commemorate September 11, 2001.

We hope more importantly to pay respect to the victims of that day, show our nation's solidarity, and support for our men and women of the Armed Forces.

"United We Stand"

Jersey Honors Coronation

Last Tuesday, Vice Admiral J.J. Clark and a group of officers and enlisted men from the New Jersey went aboard the aircraft carrier HMS Ocean to attend a reception in honor of the coronation of the Queen of England.

The New Jersey and all the other ships in Sasebo were full dressed in honor of the Queen's Coronation. In addition, the New Jersey rendered a twenty-one gun salute at noon.

On April 13, 1953 USS New Jersey began her second tour of Korean war duty with a dawn bombardment at Chongjin on the North Korean coastline. Chongjin is located 50 miles south of the Russian border, and 45 miles from Manchuria. According to *Jerseyman* reports at the time, the ship scored 7 direct hits in 7 minutes. The designator K-18 shown on the above mileage chart referred to a small airfield ashore that Admiral Clark would visit by helicopter to confer with Army and Air Force commanders. At the time, Vice Admiral Joseph J. "Jocko" Clark was Commander Seventh Fleet. The next day, April 14, 1953, and following the initial bombardment, Admiral Clark entertained President and Madame Syngman Rhee aboard USS New Jersey in waters off of Pusan.
